

GRCC Programs September 2009 – June 2010

September 23/09

John Gaylord, "Olympic National Park" - The Grand Rapids Camera Club is excited to announce that John Gaylord from the River City Camera Club will be the guest presenter at our September meeting.

October 21/09

Jim Shearer Jr., A real-time tour of what's new with the GRCC's website.

Mike Mitchell, Mike will discuss digital color management, as well as an overview on calibration of your computer monitor.

November 18/09

Gert Wallis, Gert is a long time member of the West Shore Camera Club and will be presenting a program on "How to work a subject". The program will look at how universally accepted design principles can be used to explore and capture striking photographs of a subject.

December 16/09

Steve Scherbinski, "Displaying your work in the 21st Century"

With the advent of the World Wide Web, display options for photographers have gotten much bigger and better than before. With the wide variety of places to display your work, it can become confusing picking which ones are best for you. We will look at how the traditional options available to photographers have changed and what new options are available. We will also look at the pros and cons of displaying your work on the web.

January 20/10

Mark Cassino, Mark is a photographer from the Kalamazoo area and will be do his program on Snow Crystal Photography. To see some of his work here is a link to Marks's web site. www.markcassino.com

February 17/10

GRCC Awards Banquet

March 17/10

Member Mini Program Extravaganza

April 21/10

Randy Wegner, Randy will be presenting "A Journey Through Time" featuring many of his favorite images and digital imaging effects.

May 19/10
