

## What Calendar Users Can Do!

- click on [underlined event titles](#) for more details such as location, special instructions, cost, etc
- change the calendar display to **Year**, **Month** (default), **Week**, or **Day**
- see the events presented in a **List** or **Condensed** list instead of a **Block** (default) calendar format
- start the calendar at the beginning of a month **Abs** (default) or in the current week **Slide**
- **Search** the calendar and display only those events containing the desired words
